

Ilhomov Elyor

Software Engineer

Jizzakh, Uzbekistan +998(90) 5161865 ilhomovrlyor20010624@gmail.com

[in LinkedIn](#) [Github](#)

I am Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. I have worked on several personal and freelance projects using React and TypeScript. I enjoy solving real-world problems through clean and maintainable code. Currently, I am seeking a dynamic team where I can grow professionally and contribute to real products.

EXPERIENCE

Itrex 2022-01-08 - 2023-06-28
frontend developer

- Worked on multiple web applications across event management, automotive sales, and battery tracking domains.
- Developed modern, responsive UIs using React.js and Material UI to deliver seamless user experiences.
- Collaborated with cross-functional teams to refine user workflows and ensure design consistency across projects.
- Built scalable and reusable front-end components to speed up development and improve maintainability.
- Implemented localization and multilingual support for international platforms.

PROJECTS

Lazzat-Travel
[Live Link](#) | [Github Link](#)

This is one of my simple projects and has not been published yet. I have many unfinished works. In this project, three different languages are used, and it includes booking features and information about tours.

Edu system (CRM)
[Live Link](#) | [Github Link](#)

This project is private.

My main task was developing the front-end.

I was fully responsible for the "Students" section, where I implemented complex functionalities such as filtering students, identifying those with outstanding payments, and managing other advanced processes.

E-Bozor
[Live Link](#) | [Github Link](#)

"E-Bozor" is an e-commerce platform where the operational status and payments of shops are displayed. In this project, I created a 2D SVG representation of the "Ko'k Bozor" located in Jizzakh city. On the Map page, the entire marketplace is shown, and users can view whether each shop has made a payment, is occupied or vacant, or currently under renovation.

Jizzax viloyati Pedagogik mahorat markazi
[Live Link](#) | [Github Link](#)

I have developed a website for the Jizzakh Regional Pedagogical Skills Center, which mainly contains news and information about the staff.

EDUCATION

TATU "Toshkent Axborot Texnologiyalar Universiteti" 2022-09-26 - 2027-06-26

SKILLS

frontend: html, css, js, bootstrap, sass, React, Mui, firebase, RestApi, next.js, redux toolkit

LANGUAGES

- English - Beginner
